Putting the mat in ...

- Put the mat in the mat opening of the shaft
- The machine takes the mat automatically
- Cleaning through brushes and water
- The rolls adjust to the strength of the mats
- Drying through water absorption (sponge rolls)

Taking out the mat ...

- Take the mat out of the filling tray
- Put the lever to the bottom

and ready!

Free of dirt and dust in just
max. 2 minutes for 4 mats.

**Everybody has got
time for this!**

Starting the machine ...

- Select the wash prigramm (Velours- or rubber mats)
- Insert coins
- Press the lever right to the top
- Cleaning programme starts automatically
- Automatic water supply
